

Self discipline and me....today's reflection

A unhappy partner in development.....

Lets hear and story

What did be learn : tick the correct answer

- To focus on target and use the right tool
- Be always late
- Be some times late
- Be never late
- Praise those who are late
- Condemns those who are late
- Every one time is important
- Only my time is important
- Those who are late are important

Social mobilization and be on time

- True or false
- Can I mobilize community and gain their confidence when I have no respect for time and punctuality
- Can I progress and changa pani project achieve its target when I am on time for my duty or I am late?

Professionalism and sense of learning

- What is professionalism and who is a professional ?
- What are the qualities for being a true professional?
- Where comes time management and respect for human and dignity in the professional project management ?
- Will Mr. Watoo, MD and my project colleagues will give me due professional respect....if I am late?
- What will be my image

Project Planning Framework

- What I need to plan and how?
- What is my target..... As a surveyor my target is mapping , surveying , successful laying of water and sanitation services, support team, social mobilization
- How I will do : Activities
- How I will know that I am doing rights... indicators of progress and monitoring
